Relax - I would say that we don't need Craig's review, since you are just summarizing his STSU. We needed Craig to do the heavy lifting on developing the STSU, but now that we are just summarizing, I think that Ed Garland is perfectly capable of reviewing the CSM and making sure we don't miss any nuances in our summary (not that you would).

you guys might want to consider an expedited schedule for the first draft if you would like Craig Jones to weigh in before he leaves the project.

Ray had substantial edits - they are reflected here. We can discuss both versions today.

I have re-tooled the CSM Outline to try to reflect what we discussed at our first meeting. See if this is better. We'll discuss this and the ST System Understanding at our next CSM meeting (Tues 11/9 at 1-3pm in Room 1922B).

(We are presumably getting the draft ST System Understanding today - either Eugenia or I will forward when we get it.)
